

Liverpool & District Championships

1994-95

At the 1994 AGM it was decided to award the Championships on the basis of the four races organised by the league. The team title was decided on the overall result of 4 races and the individual titles were awarded on the best 3 places in the four races in all age groups.

At the 1995 AGM it was agreed to revert to previous practice with a single race for Seniors and Juniors, dropping the Championship races for the younger age groups. One reason quoted in the AGM minutes for dropping this system is that the overall winner did not win a single race.
